AMZN

The week two matchup between the Los Angeles Chargers and Kansas City Chiefs was the first Amazon-exclusive game under the new deal.

Official viewership figures aren't available, but Amazon has shared some key figures on the success of the new rights deal.

Advertorial

Why It's Important: Amazon showed plenty of advertisements for its own service and products during the "Thursday Night Football" game, a move that could payoff big for the company with an increase in Prime memberships.

Media companies Comcast Corporation

are among the interested parties in the NFL Sunday Ticket offering that is up for a new contract that begins with the 2023 season. The NFL is looking to sell the

rights to NFL Sunday Ticket and an equity stake in NFL Media. NFL Commissioner Roger Goodell said in July that a streaming company will land the NFL Sunday Ticket.

AT&T Inc. owned DirecTV currently has the NFL Sunday Ticket and has struggled with problems in the first two weeks of the NFL season.

AMZN Price Action: Amazon shares are up 1% to \$124.66 on Tuesday. Shares of Amazon have traded between \$101.26 and \$188.11 over the last 52 weeks.
