NBA parlays and teasers allow you to combine multiple wagers into a single bet.

Teasers are similar in that you need to bet on a minimum of two games to win, bu

t a teaser allows you to "buy" points against spread or totals lines t

o minimize risk.

For a typical NBA game, you can "tease" a spread or total by 4-6 poin

ts in your favor:

NBA live betting is growing in popularity, and with good reason: Sportsbooks off

er dozens of live wagering opportunities for every matchup, including live sprea

ds, totals and moneyline markets, updated team and player props and quarter- and

half-specific wagers.

Consider teams that have made offseason moves designed to either make them cont

enders, or strengthen an already-strong roster.

And don't be afraid to spread your bets across multiple teams, since future

s markets almost always feature long odds on the majority of clubs.
