## How Online Betting Works

“I’ll take number 403, Cowboys -8, for \$110 straight up.

The rotation number appears to the left of each team (see image above) and is u

sed as a unique identifier so that there is no confusion about what you want.

There are nearly infinite ways to bet sports.

This is explained in more detail below, but the most important thing to be aware

of is that negative numbers represent favorites, while positive numbers represe

nt underdogs.

An easy way to think of it is the amount you must risk to win \$100 on this wage

Take the grid around to family, friends, and co-workers, having each participant

place their name in the square or squares of their choice.

This can be done in many ways, listed below are 2 examples.

After that is complete you will redraw the numbers, this time placing the drawn

numbers in the gray square boxes in the left column, starting at the top.

Example 1: Write the numbers 0-9 on pieces of paper and place them in a hat.

Example 2: Get a deck of cards A through 10, the ace represents a one, the 10 re

presents a 0, 2-9 are face valueStep 4

Example: At the end of the first quarter the team listed at the top has 17 and t

he left column team has 14.
